# Testimonials

“I could have never known the journey I was about to take when my Mom was diagnosed with Alzheimer’s. My frustration grew as the disease began to rear its ugly head quicker than I could have imagined. We met with so many doctors and although they tried to be helpful, we got more sympathy than answers or education. A short time later I was introduced to The Savvy Caregiver, and it literally saved my relationship with my Mom. I can’t tell you how much I appreciated the “normal” people like me speaking to how this disease has changed their lives and to the experts you showed giving us all strategies to cope with so many losses for both myself and my Mom. I can’t thank you enough for giving me the tools to allow my Mom and I to remain best friends while dealing with the challenges this disease brings. For anyone dealing with a family member with Alzheimer’s or dementia, The Savvy Caregiver is a total blessing!”

--Diana S., Daughter and Caregiver, St. Paul, MN

“I just wish I had had this program when my dad was diagnosed. I would have avoided some stressful situations.”

--Jaime T., Family Member, St. Paul, MN

“What a pleasant surprise it was to discover the Savvy Caregiver—an excellent, effective, and necessary program. I highly recommend this program to the courageous families who care for their loved ones at home. The up-to-date information and guidance will make care more effective in every way. Two thumbs up!!”
